Keep until next inspection

TO BE DONE EVERY WORKING DAY

- Make sure the door has been closed for a few minutes to ensure a true reading is obtained.
- Aim the digital thermometer at the centre of the fridge or freezer and press the trigger.
- Initials to be in capitals and not a signature.

Date	Kitchen Fridge (8°C or less)	Kitchen Freezer (-18°C or less)	Top Freezer (-18°C or less)	Bottom Freezer (-18°C or less)	Init -ials	Corrective Action if not at correct temperature
